

# Lesson 11: Fundraising and have some fun!

Now that you have finished our series of lessons, we hope you have enjoyed learning about One Medicine and how important it is for our and animals futures.

To help us spread our message even further we would love it if you would take part in some of our fundraising activities, whether as a class, a year group or as a school. Have a look at some of our ideas and see what you think. Your students may also come up with some great ideas of their own.

## Learning

Students will learn:

- how we can all help each other, on different levels, in different ways
- how we can all make a difference

## Resources Required

**Resource 1:** Powerpoint

**Resource 2:** Lots of ideas and enthusiasm!

## Key Words

One Medicine, Humanimal Trust, respect, collaboration, education, research, reciprocity, fundraising, fun

## Fundraising ideas

As a charity, Humanimal Trust relies on its supporters to raise money and donate to us so we can continue our work.

It would be wonderful if you could help us in some way to achieve our goal. There are many different ways you can do this, here are just a few that we know can work really well:

Teddy Bears Picnic - go outside in the summer term with your teddy bear and enjoy being outside

Dress up day – fancy dressing up as your favourite animal? You can download some animal masks to decorate on the link below.

Have a stall at your school fair

- Book sale
- Hold a cake sale
- Sponsored spell
- Paws for a picnic - <https://www.humanimaltrust.org.uk/get-involved/icare-campaign/paws-picnic-and-raise-funds-one-medicine/paws-picnic-recipes-and>

If your students are 18 or over, they can also become volunteers for Humanimal Trust. Find more information on fundraising and volunteering here: <https://www.humanimaltrust.org.uk/get-involved/fundraising-us>

# Get thinking!

Think of some fun ways you and your friends can help to raise funds for Humanimal Trust.

We could...

Pick your three favourite activities that you would like to choose from.
