

FIVE FUN ACTIVITIES TO DO AFTER READING HUMANIMAL!

1 Canada Geese

Canada Geese really know how to work as a team!

Create a map of their epic journey, either digitally or draw their route on a map of the world

2 Ants!

If the weather is good enough, go and sit very still in your garden or park. Can you see any ants? what are they doing? can you see their home? Busy little farmers aren't they?

3 Create a Did you Know? file

Choose any species from the book who stands out to you as special.

Create a Did You Know? to tell others about these wonderful creatures. Start each line with Did you know that.....

4 Fish and Human Farmers

Dusky farmerfish protect their food at the bottom of the sea. How are they similar to human farmers?

5 Using Tools

Who knew we are not the only species to use tools? How clever are chimpanzees?

Had you heard of Jane Goodall? Go and learn more about her and the clever chimps she observed
